

Facilities of our venues

Wimbledon School of English is located in an Edwardian house with a beautiful large garden and stunning stained-glass windows. It is no more than a 5-minute walk from Wimbledon station (South Western trains and District line on the underground).

The building has been refurbished recently. It has a large classroom and numerous smaller classrooms which are airy and modern with good-quality sound systems and air-conditioning.

There is a coffee machine and water cooler. The school is only a short walking distance from a supermarket and high street with various food outlets (incl. Pret a Manger, Starbucks and Waitrose).

We still advise candidates to have a bottle of water (and some snacks) with them as the breaks between written tests are short.

This venue is used for both written and speaking tests.
